

TECHNICAL UNIVERSITY  
OF KOŠICE

## INFORMATION FOR STUDENTS FROM ABROAD

---

**August 31, 2020 / updated September 18, 2020**

Dear students

Upon arrival in Slovakia, foreign students are required to undergo compulsory home quarantine.

The Technical University of Košice offers its foreign students the completion of compulsory home quarantine in the student dormitories at Rampová 7 in Košice and Budovateľská 13 in Prešov. Each student who has been assigned accommodation will receive an email notifying them of the start of the quarantine. It is necessary to reply to this email and inform us that you will join the quarantine. If you do not reply to this email, we will consider this as non-acceptance of our offer, and therefore you will be able to undergo the compulsory home quarantine in our premises only in case of free capacities. Our quarantine facilities can only be used until the end of September 2020 (with the onset of quarantine from 24 September 2020).

After a 5-day quarantine, you must pass a test for disease COVID-19. The test is free of charge for students.

Your test result will be made available within 48 hours at the latest. In case of a negative test, you will be accommodated in an assigned room. In the case of a positive test, you will be moved to the quarantine areas designated for those who tested positive. It is also necessary to follow the guidelines of the Student Dormitories and the Regional Public Health Authority.

For capacity reasons, students will be accommodated in a fully occupied unit (2 persons + 2 persons) during the quarantine.

Please follow the instructions at the links below:

We ask everyone for patience, an active approach and mutual cooperation. Together we will manage this difficult situation.
